

What you'll learn in this course

- Focus will be on developing intuition, understanding how/when to use OT
- We will not focus on statistical aspects (asymptotic, sample complexity)
 - *But we will touch on these!*
- We will not focus on purely mathematical aspects (Riemannian geometry)
 - *But we will touch on these!*
- Main lectures will focus on fundamentals, guest lectures and student-led sessions will cover extensions, recent developments, and applications

Prerequisites
