# OT has gone AI-mainstream!

**Sinkhorn Distances: Lightspeed Computation**  
by M Cuturi · Cited by 5712 — **Lightspeed Computation of Optimal Transport**  
Graduate School of Informatics, Kyoto University mcuturi@i.kyoto-u.ac.jp

**[1701.07875] Wasserstein GAN**  
by M Arjovsky · 2017 · Cited by 19731 — We propose a new model for generative adversarial networks (GANs) that is based on the Wasserstein distance. In this new model, we

**[1803.00567] Computational Optimal Transport**  
by G Peyré · 2018 · Cited by 4547 — Title:Computational Optimal Transport
